# How to make a tissue paper tassel

### Ingredients:

- 1 sheet of 20x30 Tissue Paper in your color
- 6" of waxed twine in natural or matching color
- Scissors

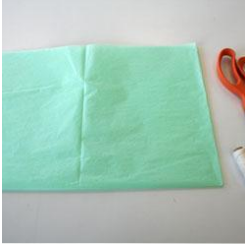

### Instructions:

Fold Sheet in half.  
Fold is next to scissors. We'll call this the middle fold.

Fold from bottom up (in half again)  
Middle fold is still on scissor side.

Fold again 2x's until you get a stripe about this wide.

Turn so Middle Fold is on top.  
Use scissors to cut the folds on the sides. (Do not cut all the way. Leave 4" on the top.)

Once side folds are cut. Now cut skinny strips up, but remember to not cut all the way through.

Here are the strips cut out.

Open your sheet, being careful not to rip the strands. (not shown)

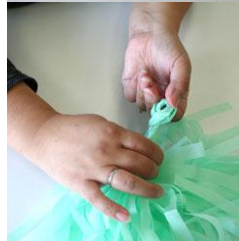

Gather from the center.

Make a tight twist from the center outward. Only twist about 4-5 inches of this middle area.

Fold in half and check to see sides are even.

Twist loop together.  
Tie off with wax twine with a double knot. Cut extra twine close to knot.
